
Internship Description:

An internship at GRTV is a unique opportunity for someone interested in the career field of video production to obtain hands on experience.

Our interns start as studio production assistants for the regularly scheduled program “Weekly View.” The show focuses on community non-profit organizations and profiles interesting events taking place in the area that may not get coverage anywhere else. That doesn’t mean they aren’t worth covering. It means we’re often the first ones to do it.

In addition, interns will be taught the skills necessary to produce short documentary style segments of 5 –10 minutes that will also be included in this program. There will also be the opportunity to work with other GRTV producers on various programs including sporting events, concerts and political events, etc.

Commitment: As agreed per semester 5-20 hours
per week

Compensation:

This is not a paid position. However, the experience you gain will be invaluable.
